

ROMHELD

AUTOMATION

WORKHOLDING & AUTOMATION SUPPLIER SPECIALISTS TO IMPROVE PRODUCTIVITY

FACTORY AUTOMATION

Process-integrated robotics, special purpose equipment or end-to-end systems

MACHINE TOOLING

The best in precision machine tooling & CNC products from global leaders

WORKHOLDING

Reliable clamping and workholding components, tools, fixtures & accessories

1800 HOLD IT (1800 465 348)

FACTORY AUTOMATION

We are EOAT specialists for robots and gantry systems with all types of end effectors and gripping systems for packing, palletising or any handling system. Our experts can help you design or update the ideal automated production system with tooling from manufacturing leaders around the world.

Vacuum grippers
Fork grippers
Finger grippers
Magnetic grippers

Soft grippers
Change tools
Protective gear
Compliant force tooling

MACHINE TOOLING

For machine tool accessories to ensure exceptional accuracy and consistent performance, talk to us about any tooling from our top providers. There's no substitute for quality. We've worked with our international suppliers for over 20 years and continue to provide only top-of-the-line products.

Precision machine vices
Mould and die clamping
Drilling and machining spindles
Multispindle heads

Touch probes and styli
Live tools and angle heads
Live centres
Knurling tools

WORK HOLDING

Our workholding and clamping tools and systems are from global masters and deliver precision and reliability. We help you maximise your production performance with clamping systems for advanced manufacturing in any industry for any machine tooling and handling systems.

Quick change collet chucks
Expanding mandrels
Hydraulic clamps
Zero point systems

Dovetail clamps
Manual clamps
Air over oil pumps
High pressure hydraulic intensifiers
